

Tabletop Plan Review

Large Interactive Work Display

32" and 43" models, both with high resolution Ultra-HD 4K resolution, this tabletop plan review monitor with manual tilt adjust is the ideal way to work with Bluebeam, ArcGIS and similar applications.

Ergonomic Large Workspace

The manual tilt adjustment provides a choice of tilt heights enabling an ergonomic angle for a standing or sitting workspace. The size is ideal for working-from-home or office. The stand also folds so the display can lie completely flat.

32" & 43" 4K Multi-Touch Display

Features:

- 32" & 43" high resolution 3840x2160 UHD 4K display
- Manual tilt adjust for an ergonomic work angle
- Easy access side mount connections
- HID Plug & Play: Windows 10, Linux
