

## Tabletop Plan Review Display

### Large Interactive Work Display

32" and 43" models, both with high resolution Ultra-HD 4K 3840x2160 resolution, this tabletop plan review display with manual tilt adjust is the ideal way to work with Bluebeam, ArcGIS and similar applications.

### Ergonomic Large Workspace

The manual tilt adjustment provides a choice of tilt angles enabling an ergonomic position for a standing or sitting workspace. The size is ideal for desks, tables and other worktops. The stand also folds so the display can lie completely flat.
